CAMP PROGRAM

The NCFDP Super Camp is dedicated to bringing the highest quality staff in the country to provide a comprehensive training environment. Typical training days begin with conditioning, theory, footwork and individual lessons in the morning session. After-

noon sessions primarily involve group lessons covering the latest in tactics and technical training in each weapon. There is also small group training with others of similar competitive experience.

Evening sessions focus on a variety of competition formats. There will be pools and DE individual tournaments, as well as USFA Relay, and NCAA format team events.

Meals will be taken at the dorm before and between training sessions. During rest periods, the dorm also offers lounges and an outdoor swimming pool.
